Industrials Having Inter- Market Is Nervous and Irests In Republic Bear Brunt of Selling.

NOTE—All market news on this page reflects closing sale prices (unless buy or bid be specified) Tuesday, Aug. 13.

New York, Aug. 18.—Crop news, the principal market factor recently, was relegated to second place today and the Maxican situation furnished the biles speculative material. Early resorts of the Mexican ultimatum were succeeded by more reassuring advices and the market grew quieter after the lirst downward rush. No substantial recovery was effected, nowever, and before noon prices drifted o a still lower level, although pressure was not great.

Sharles of railroad and industrial corporations with large interests in Mexico, bore the brunt of the selling treatment of the selling affected by the cossibility of the shutting off of supplies by the suspension of mining in Mexico.

dies by the suspension of decico.

Bonds were irregular.

Better weather news was reflected in wheat and corn was enough to ruffle stock prices. The buying seemed to have wholly disappeared, causing a virtual deadlock.

The market closed steady. Nervousness among the shorts caused a better inquiry for stocks and prices improved slightly. Losses in Reading and Steel were reduced to small fractions and some other favorites also made up about half of the day's decline.
